

Court Reporting

We are happy to take your record

Our highly-skilled reporters are dedicated to quality, accuracy and timeliness. Many of our reporters have owned their own reporting firms in the past and are seasoned veterans at capturing the spoken word in complex, technical cases.

We can tailor our services to custom fit your needs, offering realtime, expedited delivery, and exhibit management. We will provide nationwide reporting and production of your depositions. We recommend stenographic reporting for complex cases, expert witnesses, and for any special needs such as time-stamped transcripts and daily copy.

Our transcripts adhere to the National Court Reporters Association's Transcript Formatting Guidelines to ensure you get a consistent, accurate transcript every time.

Complimentary conference rooms are provided at most locations.
